

How to Draw an Eye

1. Make guidelines. Trace a CD and inside hole.

2. Draw a large eye, that crops the circle a bit.

3. Erase the circle lines outside the eye.

4. Use center circle to draw a larger pupil.

5. Draw tear duct and top eye lid edge.

6. Draw the bottom eye lid edge.

7. Add eyelashes.

8. Fill in lashes and pupil with black marker.

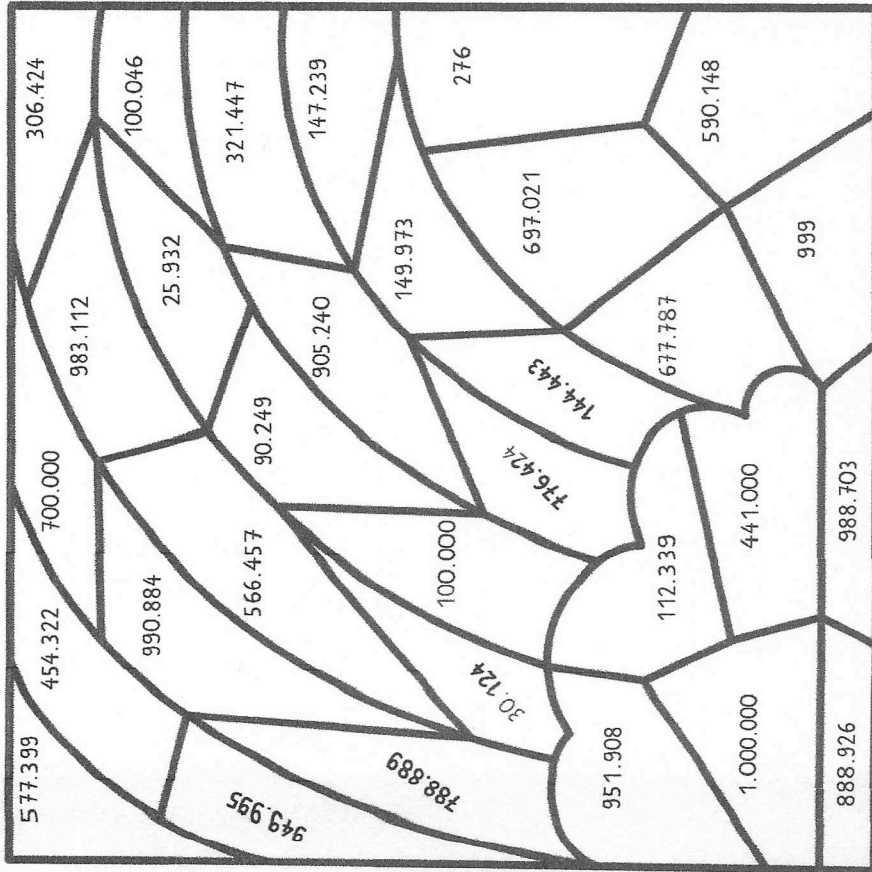

9. Complete eye with something you see.
